

4th Grade Weekly Newsletter

Fourth Grade Achievers

December 7th-11th

Week 15

What We Are Learning

- Math: This week we will be reviewing past skills we have learned throughout semester one. On Friday, we will be completing a fun holiday review with multiple skills.
- Science: This week we will continue working on our current chapter on Plants and Animals within our Life Science unit. We will finish up on the life cycle of Florida animals through complete and incomplete metamorphosis with a quiz on Wednesday 12/16.
- Social Studies: This week we will continue to learn about world geography and the different holiday celebrations that are celebrated around the world.
- Reading: This week we be reading "John Henry" will focus on determining themes, analyzing dialogue and figurative language and analyzing characters and their actions. Students will be quizzed over what they have read in out text on Thursday.
- Writing: This week we will be writing different short response questions so that they can improve on our short response test questions.

Note from the Teacher

Please make sure you are working with your child on their multiplication facts.
